BEng (Hons) Software Engineering

University of Westminster

2023 - 2026

G.C.E Advanced Level

1C, 2S

G.C.E Ordinary Level

2A, 3B, 4C

SKILLS

- React.js Development
- Node.js Backend
- Python Programming
- MongoDB Management
- AWS Deployment
- Machine Learning

LANGUAGE

English

WORK EXPERIENCE

FullStak Developer

2024 - 2025

Codeolima (Pvt) Ltd. | Colombo, Sri Lanka

- Developed full-stack web applications, built responsive frontend interfaces, integrated databases, and collaborated on feature implementation and troubleshooting.

PROJECTS

Smart Learning Project

- Developed an intelligent learning platform using React.js, Node.js, Python/Flask and machine learning, implementing emotion-aware lecture playback, automatic quiz generation, note summarization, weak-concept prediction and learner progress tracking.
- Trained and evaluated an emotion-recognition model using the FER-2013 dataset, achieving 78.07% test accuracy, and implemented multilingual support to provide a more personalized learning experience.

Chamber Skill – Full Stack Web Application

- Developed a full-stack web application with modern frontend and backend technologies.

Flow-Watch App

- Developed an application focused on monitoring and managing application-related information.
